
LEGEND

R - Reverse Circulation Drill Hole: cuttings

D - Diamond Drill Hole: core

87 - Year of drilling

QV - Massive quartz vein

QVZ - Quartz vein zone - 30 to 39% quartz veining

QVZ - Quartz vein zone - 10 to 19% quartz veining

QVZ - Quartz vein zone - 01 to 09% quartz veining

Each heavy vertical bar represents 10% quartz

A light vertical line represent 01 to 09% quartz

Sample interval 1.5 metres

.100 Assay interval and grade, i.e. 0.100 oz Au ton over 1.5 m

120m EOH End of hole Total depth indicated as 120 m.

Interpreted mineralized zone: upper contact

Interpreted mineralized zone: lower contact
