J.H. HALLEY,
VICE PRESIDENT,
BUNKER HILL CO.,
P.O. BOX 29,
KELLOGG, IDAHO. U.S.A.

Your telex of March 3, 1975 is at considerable variance with your proposal of January 17, 1975. Cannot honestly present to Minister. Previous request was only to suspend Royalties which we believe to be 2/3 your estimate.

Can you set out total money requirements, terms of Sweetheart Smelter Contract?

It seems to us that Bunker Hill and Heclo have much to gain and should be prepared to participate.

J. E. McMYNN
DEPUTY MINISTER OF MINES
AND PETROLEUM RESOURCES,
VICTORIA, BRITISH COLUMBIA.
