Nov 25/86 GOLDEN EYE MINERALS LTD. (GOM-V) No. 226
DIAMOND DRILLING UNDERWAY - Golden Eye Minerals Ltd.

82F/3W/82FSW024 has resumed a 6500
foot diamond drilling program on the Red Bird project
near Salmo, B.C. The drill targets are high grade zinc
zones with associated base metals combined with values
in precious and exotic metals (silver and germanium).
Four mineralized zones have been outlined by previous
mining operations and by diamond drilling. Two of these
zones are of excellent grade with a combined tonnage of
2400 tons of vertical foot.
