Legend.
Overburden.
lp lamprophyre dike.
p quartz-feldspar porphyry dike.
gdps granodiorite porphyry breccia.
gdpx granodiorite porphyry, granulated.
gdp granodiorite porphyry.
al alaskite.
eqd quartz diorite (east phase)
qd quartz diorite.
gd granodiorite, porphyritic granodiorite.
sed green-grey, buff, white hornfels.
hfs brown hornfels.
gw greywacke, argillite.
Symbols.
Contact between granitoid stock and sediments.
Contact between quartz diorite and granodiorite.
Orthoclase metasomatism, outer limit.
Area containing considerable autobrecciated rock
Area containing considerable granodiorite porphyry.
Outcrop boundary.
Geological contact defined.
Strike and dip of jointing.
Strike and dip of dike or vein.
Strike and dip of fault or sheer.
Drill hole, vertical inclined.
Wide sheer zone.
Swamp.
Tractor road.
Trail.
Building.
Bridge.
Adit.
Helicopter landing.
Contour interval, 20 feet.
