International Makaoo Ltd. recently received \$259,109 from a units offering, work has commenced on Phase 1 of the Pasioka report which calls F for an estimated expenditure of \$249,000 on the Python-Nonday property, near Kamloops B.C. All roads have been upgraded. The portal site has been excavated. During the road upgrading programme, some stripping was carried out in the area of the Orphan Boy shaft. Mineralization was observed over an extensive area and appears to continue under heavy overburden. This mineralization will necessitate sampling by percussion drilling. A contractor is to commence operation the week of November 17th.
