Dear sir:

I am amazed that you have not received our report on production for 1973, which we mailed in March, 1974.

I am enclosing a Xerox copy of my working copy, plus a copy of the Cominco statement.

This was our total production for the year, and was a test shipment only. It was made from Doorn #8 mineral claim, by Logan Creek, approximately 1/2 mile west of west Kettle River, approximately 2 miles south of Beaverdell, B.C.

If any other information is required, please contact me personally.

Yours truly,  
Donald Paine
