interest in a gold exploration project in eastern Canada. In excess of \$1,000,000 has been spent by the major to date. Golden Knight will have the opportunity to earn 49% interest in the project by spending \$3,000,000.

GOLD INTEREST WILL BE EARNED IN EASTERN CANADA

Golden Knight Resources Inc. is the beneficial owner of a 100% working interest in the Tiger Mineral Claim located in the Slocan Mining Division, B.C. The company acquired the property from Paramount Capital Corporation by an agreement dated Oct26/82 for \$5,000 and 750,000 escrowed shares. Exploration and underground development on the Tiger claim property was carried out between 1883 and 1912. Production took place intermittently until 1952 and the total recorded production is 46 tons of ore with a grade of 0.042 oz/ton gold and 7.5 oz/ton silver.

The company carried out a preliminary evaluation of the property in October of 1982 which consisted of underground mapping and sampling and a surface magnetometer survey, at a cost of \$3,967.

N.C. Davidson, P.Eng., recommends in his report dated 4Nov82 the start of Phase II, which consists of geological mapping, trenching and geophysical surveying at a cost of \$26,950; Phase III consisting of diamond drilling at an estimated cost of \$69,600.

By agreement dated 15Nov82, Locke Goldsmith granted to the company the exclusive right and option to purchase up to four located mineral claims (Lily Mineral Claims) situated contiguous to the Tiger Mineral Claim. Golden Knight has, subject to approval reached an agreement in principle with a major mining company to earn a substantial
