CORRIE RESOURCES LTD. (CIE-V) 82FNIU216

EXPLORATION RECOMMENDED - Harold Stevenson, secretary of FOR OLD SLOCAN PROSPECT Corrie Resources Ltd., reports being advised by Orequest Consultants that grab samples from several old dumps and pits scattered around Corrie's Morning Star property near Slocan in SE B.C. returned assays of 0.134 to 0.87 oz.gold/ton and 0.718 to 36.73 oz.silver/ton. They recommend prospecting, geochemistry and sampling existing adits as an initial program. Corrie's option on the property is subject to regulatory approval.

82F114

Negotiations continue with Corrie's group of U.S. investors regarding interim financing and purchase of their marine research vessel. Negotiations are also in progress to acquire precious metal prospects.
