

P. O. Box 514,
Vancouver, B. C.

July 10, 1934.

Mr. M. J. Mahoney,
Retallack, B. C.

Dear Mr. Mahoney:-

In response to your request, I would state that the samples I took on the outcrop above the north end of the Phoenix tunnel assayed as follows:-

No.	Feet	Oz. Au.	Oz. Ag.
1.	3.0	1.19	0.9
2.	2.0	.34	1.0
3.	3.5	7.12	2.9
4.	4.0	1.36	0.8

The above samples were taken about ten feet apart along the strike of the vein, and in all cases the widths sampled were less than the full width of the vein.

Yours very truly,
