Mr. W. C. Fothergill,
Mine Manager, KRC Operations,
Mt. Copeland Mine,
Box 1700,
Revelstoke, B. C.

Dear Bill:

As a result of our telephone conversation last week I have asked Bill McMillan and Jim McCammon to visit the Mt. Copeland Mine and they expect to be there for a couple of days during the week of May 21st. Dr. McMillan has worked extensively in the rocks of the area and Mr. McCammon is our expert in industrial minerals. I am sorry that I shall be unable to come along with them and hope that the visit will be useful in providing us with up to date information on the property, and in providing you with the benefit of discussing the mineral potential with these two experts.

Yours very truly,

James T. Fyles,
Asst. Deputy Minister of Mines,
