MEMORANDUM

TO

W. Mathews

Dept. Mines

Victoria, B.C.

FROM THE

J.M.C.

DEPARTMENT OF MINES,

VICTORIA, B.C. 19.....

Dear Bill:

Please find enclosed notes on Redoubt Pt. & (Leppind)
p. deposits. You mention that you already have the analyses
of these, and the sketches will assist you to place them.

With best regards.
J.M.C.

MEMORANDUM

TO W. Matthews.

FROM THE

J. G. C.

DEPARTMENT OF MINES,

VICTORIA, B.C. 19.....

Jefford L. Deposit

Lens of Sutton Limestone occurring on northward slope above a small lake. A few miles by ^{side road} road south of railway, and south of the Malahat-Shevonigan Lake cut-off road.

Length of exposed Small quarry opened up on south end exposure
 Length exposed ~~about 600 feet~~ — about 600'
 average width — " 100'

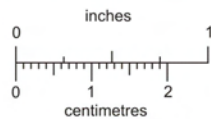

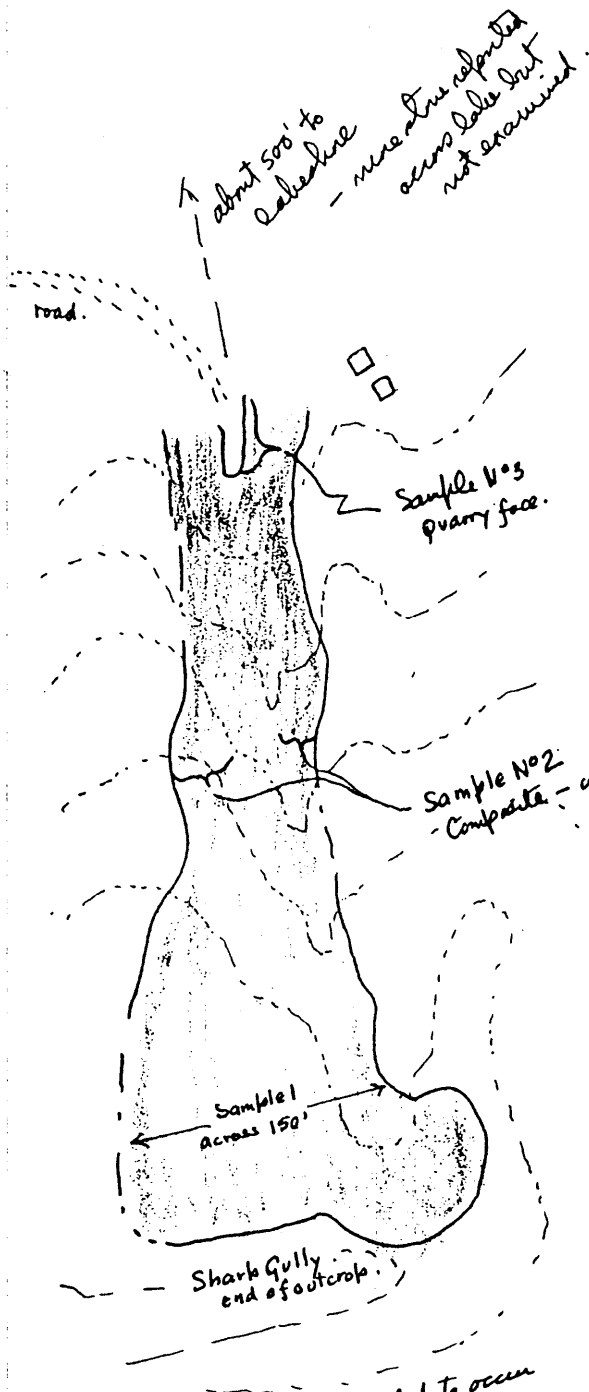

Quarryable height above present quarry floor — max. 50'
 could get an additional ~~to~~ 40 or 50' lower.

Exposure not good so difficult to see the preparation of ~~rock~~ inclusions etc. — evidence of a few dikes.

Stone ranges from white to grey — crystalline.

(over)

Sketch.

This reference scale bar has been added to the original image. It will scale at the same rate as the image, therefore it can be used as a reference for the original size.

Reported to occur along hill.
