Dear Sir:

Re: Notice of Work for Blue Granite Claims

Approval is hereby granted to proceed with the work program described in the above Notice of Work dated June 15, 1996. This letter and the attached conditions constitute your permit pursuant to Section 10(3) of the Mines Act (1989).

As your proposed work will not result in significant disturbance to the surface of the land, a reclamation bond will not be required at this time. However, you must inform me if you make significant changes to your proposed program.

Please advise the Ministry of Forests about your presence in the area, and acquire the necessary permits from the Ministry of Environment, if applicable, pertaining to the exploration program.

Enclosed is the Notice of Completion of Work form which is to be completed and returned to this office at the end of the exploration program.

Yours truly,

A handwritten signature in cursive script, appearing to read "AHL".
