"With reference to information for your forthcoming report. We have been officially informed that a lease to Burnaby lake has been granted to W.H. Hind, who in turn is under agreement to us. The City of Vancouver has granted us the right to remove material from Trout lake. We have shipped several hundred pounds of sample to Germany, also other samples to American equipment manufacturers. The only other official information was contained in the copy of report by Bardley-Wilmot forwarded to you."
