Dear Mr. Maine:

I am in receipt of your letter to Mr. H. Horn dated July 21, 1975 wherein you mention correspondence and the hope to open the Brenda Mine in the Fort Steele District. As of this date, we are gathering the information available in the Department so that we can adequately respond to your inquiry. When the information is gathered, including that supplied from Mr. Addie and perhaps more from yourself, we will respond to your proposal.

Thank you very much for your patience in this matter and please accept our apologies for any delays we have caused.

Dear Mr. Horn

I wrote a letter to you on June 4, 1975 concerning opening of the Brenda mine in the Fort Steel Dist. west of Skookumchuck. We had Mr. Addie on the property to take some tests and he suggested that we write to you, which we did but did not receive any answer. I was wondering if you could let us know if this is possible or not. Hope to hear from you real soon.

Yours truly
Ken H. Maine
