Department of Mines,
Government of British Columbia,
Victoria, B.C.

Attention: J.M. Carr, Acting Associate Geologist.

Dear Sir:

We will try herewith to summarize the information you have requested in your letter of January 28th.

1. Total footage drilled - 5500'
2. Length of stripping - 130'
3. The main adit was only 35' long.

The walls and face were sampled by both Mr. Hill and Mr. Bain.

We are enclosing sketch map of claims showing lay out of mineral claims.

We would appreciate receiving a copy of any report you might prepare or have prepared on the area, also any suggestions you might care to give us regarding our future course of action on the Joker claims, viz: location of drilling, etc.

Yours very truly,

Commercial Minerals
Limited.

"R.E. Frederking",
President.
