

Krain

Reserves 17 MT @ 0.5% Cu
 oxide $\frac{1}{3}$ of reserves 0.64% Cu
 sulphide $\frac{2}{3}$ " " 0.53% Cu } of 14 MT recoverable

oxide zone north dip @ 25°

Getty Drilling removed possibility of larger subsurface area but
 deeper mineralization to south or east highly probable - 73 drilling
 tested S + SW extensions.
