

Bill

No luck with ~~either~~
~~chrysothrix~~ the botanical
specimen. Suggest
you do not waste time
on either

Sheba roads good

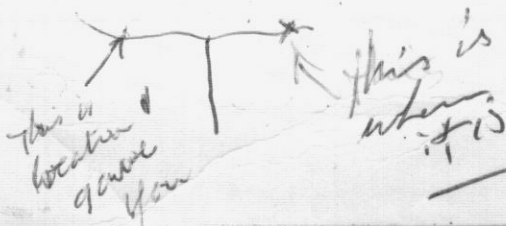

suggest you look a
Bethlehem rock in
central part of property

-it is somewhat discon-
certing. (this is the
location I mentioned
last night)

lots of luck.

Gordon

chrysothrix is E of
road junction (100 yds ±)

010322

other side
300-700' back toward
Gnawed Mtn
uphill side of road

base yellowish soil
 Δh 25-30' across
possibly old road

Just below surface

CHRYSOCOLLA

within 10' of road
