Vancouver

Box 250
Merritt B.C.

July 13/77

A copy of the map and air photo for your Skukhuan Project arrived a couple of days ago. Thanks a lot, the update of both physiology and geology they afford will be extremely helpful.

We will be based here in Merritt until the end of August - should you be up this way, be sure to drop in.

Regards to all and thanks again

Yours sincerely,
Bill
W. J. McMillan
