Dear Sir, Re: Pacific Rim Mines Ltd. (N.P.L.)

In accordance with your form letter of November 25th, I have completed and enclose herewith one copy of the Summary of Exploration Work, to which is attached a list of the mineral claims, a copy of the 1968 Assessment Affidavit and Dr. Allan P. Fawley's Report. The property is in a limestone formation, somewhat similar to the Surf Inlet mine at the head of Surf Inlet, Princess Royal Island.

The Company has granted prior rights over 139 acres to Laredo Limestone Ltd. for limestone quarrying.

Yours very truly,

JAMES C. RALSTON
