During 1936 the avail. bla ore above the 12 level was getting low. So R. E. Hagg. made a concentrated effort to prove enough ore on the 'C' & 'C' lansas to drive a -70' sublevel. He claimed +13,000 T @ 0.50 oz. Au and had the OK to proceed. Just prior to the time Timmins sold the property to Reward Min. Co. in 1937. More down drilling on the A, B + D, would probably double this reserve x
