Talk on Giant Mascot Mine Feb. 7-8, 1975 GAC

J.A. McLeod Home phone 298-9201

6711 WOODVALE
CR. BURNABY 2, B.C.

Setting of the Giant Mascot Ultramafite and Ni-Cu Deposits:
Zoning (3050 level); radiometric dating and genetic implications

Pete,

1. Location, history, production
2. General geological setting
3. Property Setting
 - A. Surface
 - B. 3550 300' scale
 - C. 2600

4. Summary of 28 orebodies.

Jim 1. mineral zoning on the 3050 level 3 slides silicate and Sulfide

2. Radiometric dating
 - 3050 level 2 figures
 - Spuzzum

3. Genetic implications
 - temperatures
 - ages
 - hypothesis of origin
