Silver Island Ag Prospect  
Commodity:  
Ag, Cu (Pb, Zn)Submitted by: Mr. John E. Young  
NAME: 2773 Marine Drive  
ADDRESS: West Vancouver, BC  
TEL: 922-6953Examined by: AJF.Date: Dec. 22/83

- spoke briefly w/ Young on phone - claims are held in an estate w/ 6 cousins sharing. Has been unable to get power of Attorney (?) from them so he has been unable to make any firm deals.
- Young thinks he has 11 claims - 1 on Island, 5 on S. shore, 5 on N. shore
- however, careful checking of claim records (Vanc. + Smithers) indicates that he only has 1 on Island (# 130514 - valid till May 27, 1984, recorded owner Nonnie Campbell) and 6 on N. shore (NORA, #103, owner N. Campbell, 2706-1011 Beach Ave, Vanc. Stated Aug 28/75 & have paid cash in lieu each year since, valid till Aug. 28/84).
- C.G. L-6285 is owned by Barbara J. Pope, 2642 Westlake Rd. Saanichton, Redmond, Wash. (paid taxes of \$11.69 in '83). Whole area overlaid by Silver #1 (4x5 = 20 units) - owned by Duane Poliquin, 16840-26<sup>th</sup> Ave, Surrey, B.C. - paid cash in lieu - valid till Oct '84.
- he has no idea what price he should ask for claims. It sounds like he would take straight cash buy-out - must be enough to be split amongst the 6 cousins.

RECOMMENDATIONS:

Prospect(s) may have potential as bulk-tonnage, low grade, open pittable deposits. (cf Holland's dig sampling of 2.54 gpt Ag/21 in.) Properties (N. shore, Island, S. shore) should be carefully mapped & sampled. If results still favourable, then start land assembly. Should be done early summer '84.

A Schmidt.
