

Ashwood Property (364 Units)

521128

Owner: Tenajon Resources Ltd.  
Location: Stewart Camp, Skeena M.D., NTS: 103P/12W;  
55 45'N, 135 10'W.  
Target: -Gossan Zones associated with intense  
quartz-sericite-pyrite alteration.  
-Au with Cu, Pb & Zn in quartz veins and  
hornfelsed zones as well as in  
granodiorites.  
Best Results: Historic assays (from 1922 to 1929) up to  
2.6 opt Au and 2.5 opt Ag.  
Recommendations: Intensive prospecting, lithogeochemical  
sampling, contour soil sampling, geological  
mapping and trenching of mineralized  
showings.  
Terms: 50% of this property is available for these  
terms:  
\$50,000 cash on signing, \$150,000 work  
commitment by 01/Sept./90.  
A further \$75,000 cash and \$200,000  
work commitment by 01/Sept./91.  
A further \$125,000 cash plus \$250,000  
work commitment by 01/Sept./92. for a  
cumulative total of \$250,000 cash and  
\$600,000 work commitment  
Comments: A lot of unexplored potential since  
property has not been worked since 1929.
