

WHITE DOME PROPERTY

<u>Claim Name</u>	<u>Number of Units</u>	<u>Record Number</u>	<u>Expiry Date</u>
WHITE DOME	20	530	August 29, 1980

The White Dome Property consists of the above located mineral claim situated near the headwaters of the Artlish River, Alberni Mining Division, Vancouver Island, British Columbia.

Pursuant to an agreement dated April 1, 1979, between the Company and David A. Heino, Prospector, the Prospector may become entitled to receive a bonus with respect to the Property at the rate of \$2,000 payable within the first two years; drilling bonus of 50¢ per foot for a maximum of 16,000 feet of drilling; issue of shares in the capital of the Company in the amount of 15,000 shares when aggregate exploration and development expenditures reach \$1,000,000, an additional 20,000 shares when aggregate expenditures reach \$2,000,000, and an additional 25,000 shares when aggregate expenditures reach \$3,000,000; plus 10% of net proceeds received by the Company from production from the Property. The Company may at any time discharge its obligation to pay the said 10% net proceeds by issue and allotment of 100,000 in the capital of the Company to the Prospector.
