

Re: Sam Claims.

Please check 109P5 claim sheet
to see if Tanya 6 claims were recorded.
I found a 4N/4E post, 59731 staked
July 9 1982 at location as shown
on map (250m south of "camp lake")

- no sign of flagging or blazing or 4N/5E post.
If claims were recorded + still held then
if 4N x 5E Sam group is totally oversteaking
if 5N x 4E then 2 eastern units of SAU or
O.K.

- Please re-draft location map for
recording.
