Cam Stephen will be going to Vancouver Aug 31 and hopes to be back @ September 6 or 7. At that time we should be able to say whether or not more work will be done and in that case will probably want the crew to stay on. If no other work is planned or the crew wishes to leave we will make arrangements to move them out. Will contact you by radio regarding these plans and would like you to maintain a radio sched with Fort St James at 6:30 PM each day so that they can call with a message and know your radio will be on.

Eric King is John King's brother & seems willing to put up with our type of outfit. Hope it all works out well.

The base at Lakeside Harbour will close down August 30. After Sept 3 Stephen will probably be at Camp Charley on Takla Lake & will not be available except by radio until about Sept 23.

Best of luck.
