

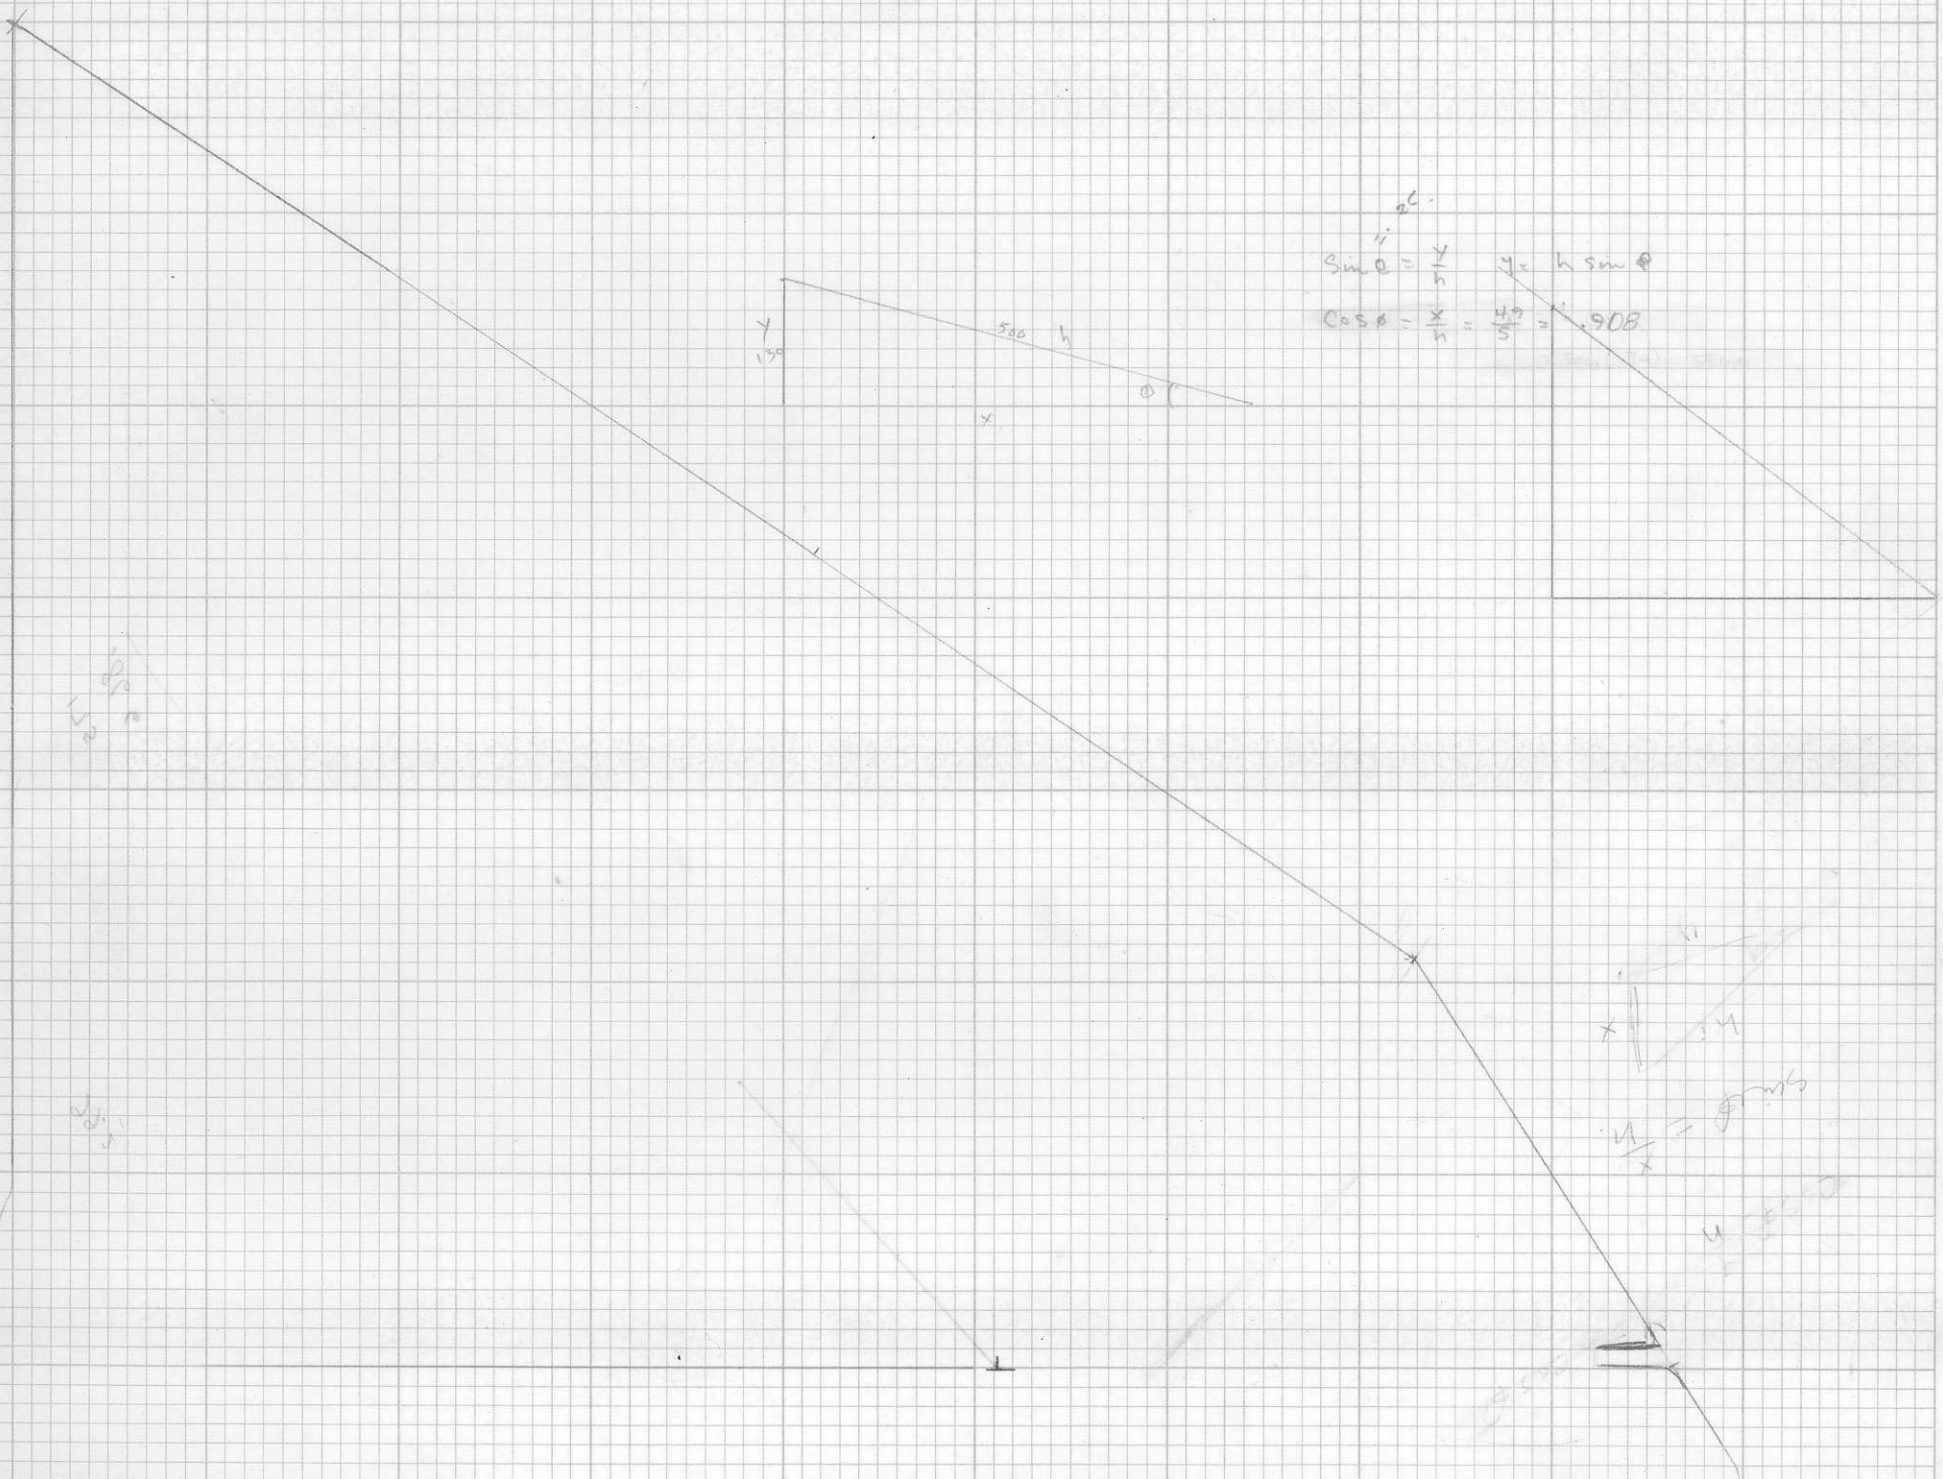

Figure 8. An area in the vicinity of the head of Howson creek showing claim boundaries and lode systems.

$$\sin \varphi = \frac{y}{h} = \frac{150}{500}$$

$$\cos \varphi = \frac{x}{h} = \frac{450}{500} = 0.908$$

$$h \sin \varphi = 150$$

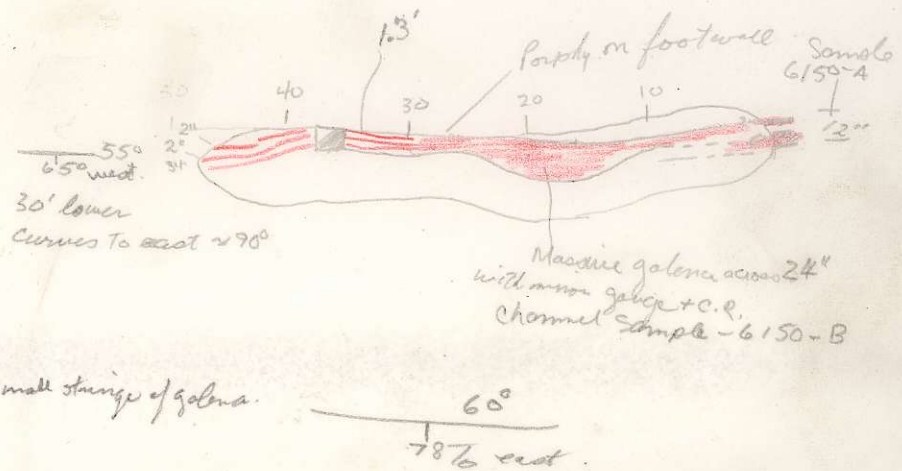

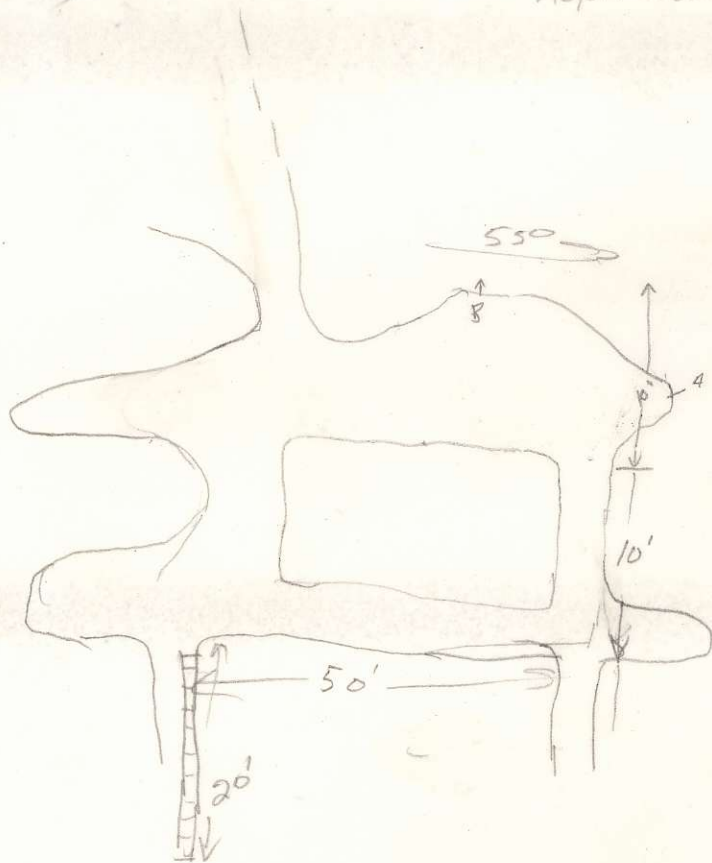

$$\sin \varphi = \frac{y}{h} = \frac{150}{500}$$

$$h \sin \varphi = 150$$

150
500

150
500

Stops above 6150 level

Small string of galena.
