

688/8278

The 203 455 Greenville. Barrier Reef.

675336
920/2

Relay Ck - 7000' 5 forms slope.

Reservoir - Road building med level

- drill late August; early Sept.

- massive siderite carbonate, no gtz.

Similar prop to Pete C - head of Relay Ck.

drastic por dykes + carbonate lenses + As-Bu

anomaly 500 m square 4000 rps Au road.

5000 ppm Au 500 rps bedrock.

Au in narrow gtz - arsenic sphalerite - ady

fields - kb purph. all the way over to Trench L.

Fish L - drilled by Reservoir. Trench mine.

like former mtn. Not unroofed.

Au-As + Sb, Hg.

Big Ship mtn - main prop.

Low As ytz - many dy - high Hg low Au
or As Hg

Golden Rule

Castle Peak

Relay Ck - road access

Big (Big Ship)

Mad

all have weak or no systems over.
