

GETTY COPPER CORP.  
GETTY SOUTH "TROJAN"  
Geology

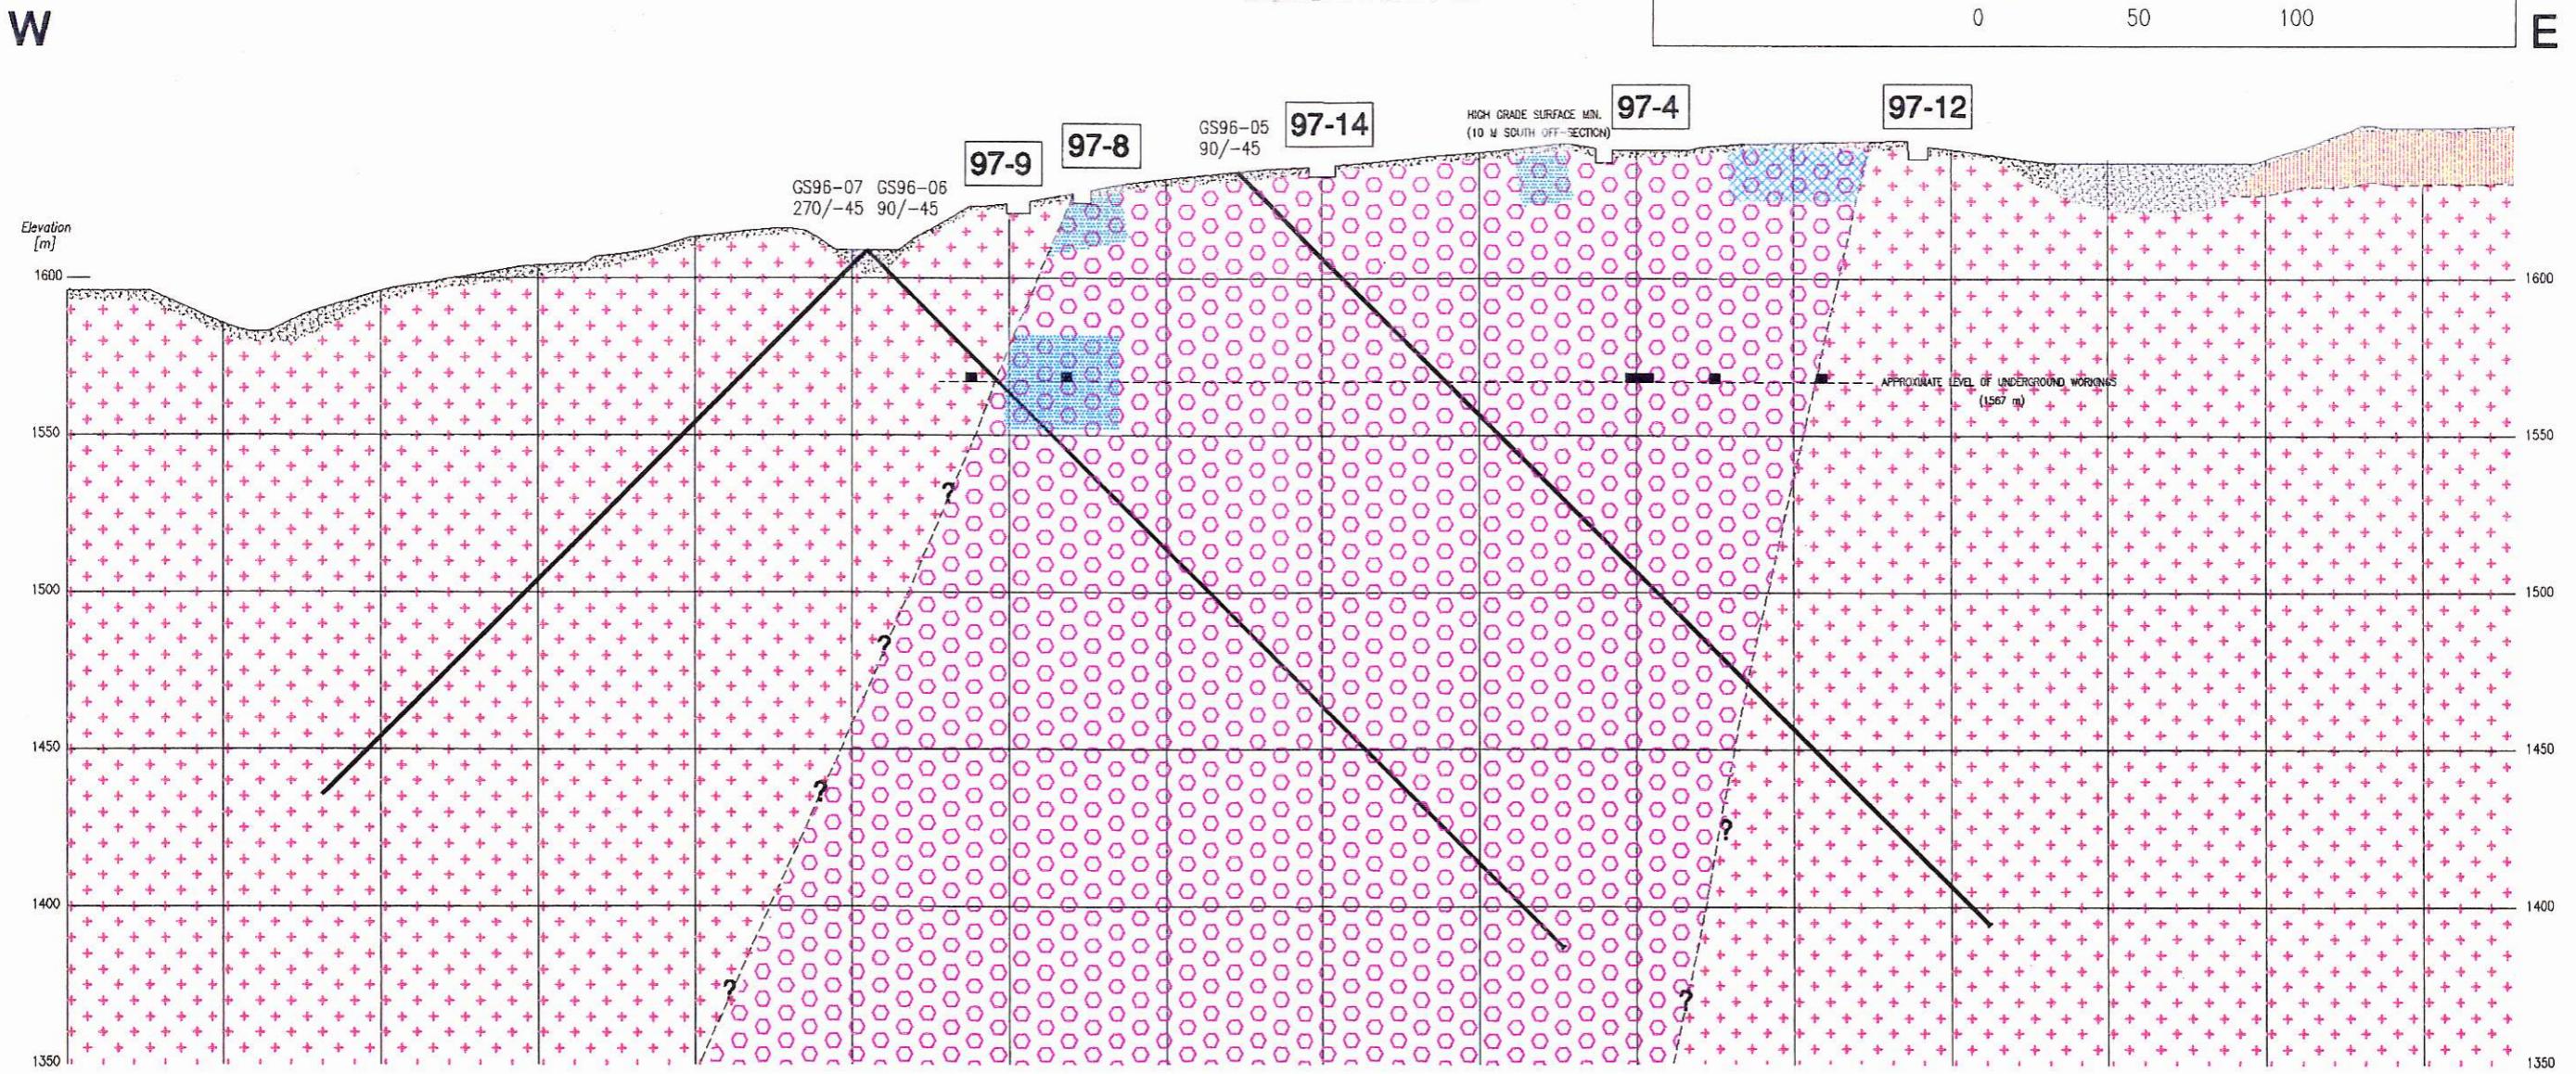

Legend

- [Symbol: Cross-hatch] Guichon granodiorite
- [Symbol: Dashed circle] Breccia
- [Symbol: Hatched square] Tertiary volcanics
- [Symbol: Dotted square] Overburden
- [Symbol: Blue stippled area] zone of >0.5% Cu mineralization as defined by surface trenching
- [Symbol: Light blue stippled area] zone of >0.3% Cu mineralization as defined by underground work
- [Symbol: Dark blue stippled area] zone of prominent malachite-chrysocolla mineralisation as defined by surface trenching
- 97-12** Trench
- GS96-01  
90/-45 Diamond drill holes
- 0.17 high-grade interval [% Cu]
- intersection of underground workings
- lithologic contact
- zones of Cu mineralization extrapolated (15m)
