

- bit of lead and zinc in one
end
- it's in with Cu and Au

Spent \$50 million

Sierra legal Defense Fund

any internal info

- condemnation drilling ??

"Giant" - "Marginal" - lots of others

Sierra Cosale - Berna

\$1.6 billion capital
cost

0.29% Cu, 1/2 g Au
worse location

Mt Polley

Cerro Cosale deposit

81.5 mt @ 0.3% Cu
and 0.44 g/t Au

Kemess
200 mt @ 0.22% Cu and 0.63 g/t Au

Mike Cathro
British Columbia

Oct. 23, 1997

Option 3

- putting waste rock over the lake
- tailings to south
- all disturbance in one drainage
-

Option 2

- place tailings over divide

- no starter pit

- no oxide deposit

- lots of overburden

- low grade stock pile
~~to later~~ to sit there for
years - edge of deposit

- stripping for a ~~number~~
~~of year~~ ~~or two~~ before mill

- so uniform

- reasonable to get recoveries - py
+ cp - lot of lts? - problem with
concentrate
