KEMESS PROJECT

JANUARY 31, 1991

The Company is pleased to announce summaries of assay results from diamond drill holes completed during the winter drilling program on the South Kemess portion of the Kemess Gold/Copper Porphyry Project in the Toadoggone Camp. El Condor is awaiting results from 8 diamond drill holes currently being assayed.

Hole No.	From (m)	To (m)	Interval (m)	Interval (ft)	Au (oz/t)	Au (g/tonne)	Cu (%)	Cu% Equiv. (NSR)
