Odlum Brown Limited
P.O. Box 10012
1800 - 609 Granville Street
Vancouver, BC

Dear Jim:

Enclosed herewith is your file on the Poplar Creek project. I don't think that it is ready for a drilling program, which is the Westley objective.

I have also enclosed a copy of the 82K gold production records. There is a well defined gold district with more than 60 prospects recorded, 14 of which had some production. So far there hasn't been anything that shows size or continuity. The carbonate alteration as well as the occurrence of listwanite in some areas suggests that there are still possibilities of a big one.

Best of luck,

ALBERT F. REEVE LIMITED
