Dear Sir,

We own a small ranch on the edge of Abrams Lake (Lot 2119) in Big Creek, B.C. and we maintain a network of horse trails along the lake and the surrounding area.

Over the past few years, large areas of forest nearby have been clearcut, and development plans show that logging is planned over the next years in this area.

Recently, we saw that a new spot is flagged out with blue ribbons, crossing two times this trails. Chilcotin Forest District in Alexis Creek informed us, that this are Mineral Claims unter your responsibility.

We are very concerned about this claims, because we are already surrounded by clearcuts and would appreciate to be informed about this Tag No 226655/56.

Please respond in writing as soon as possible.

Sincerly

Mac and Beth Suter
