

NORWOOD  
1002

# PLAN OF WORKINGS ON NORWOOD LEASE

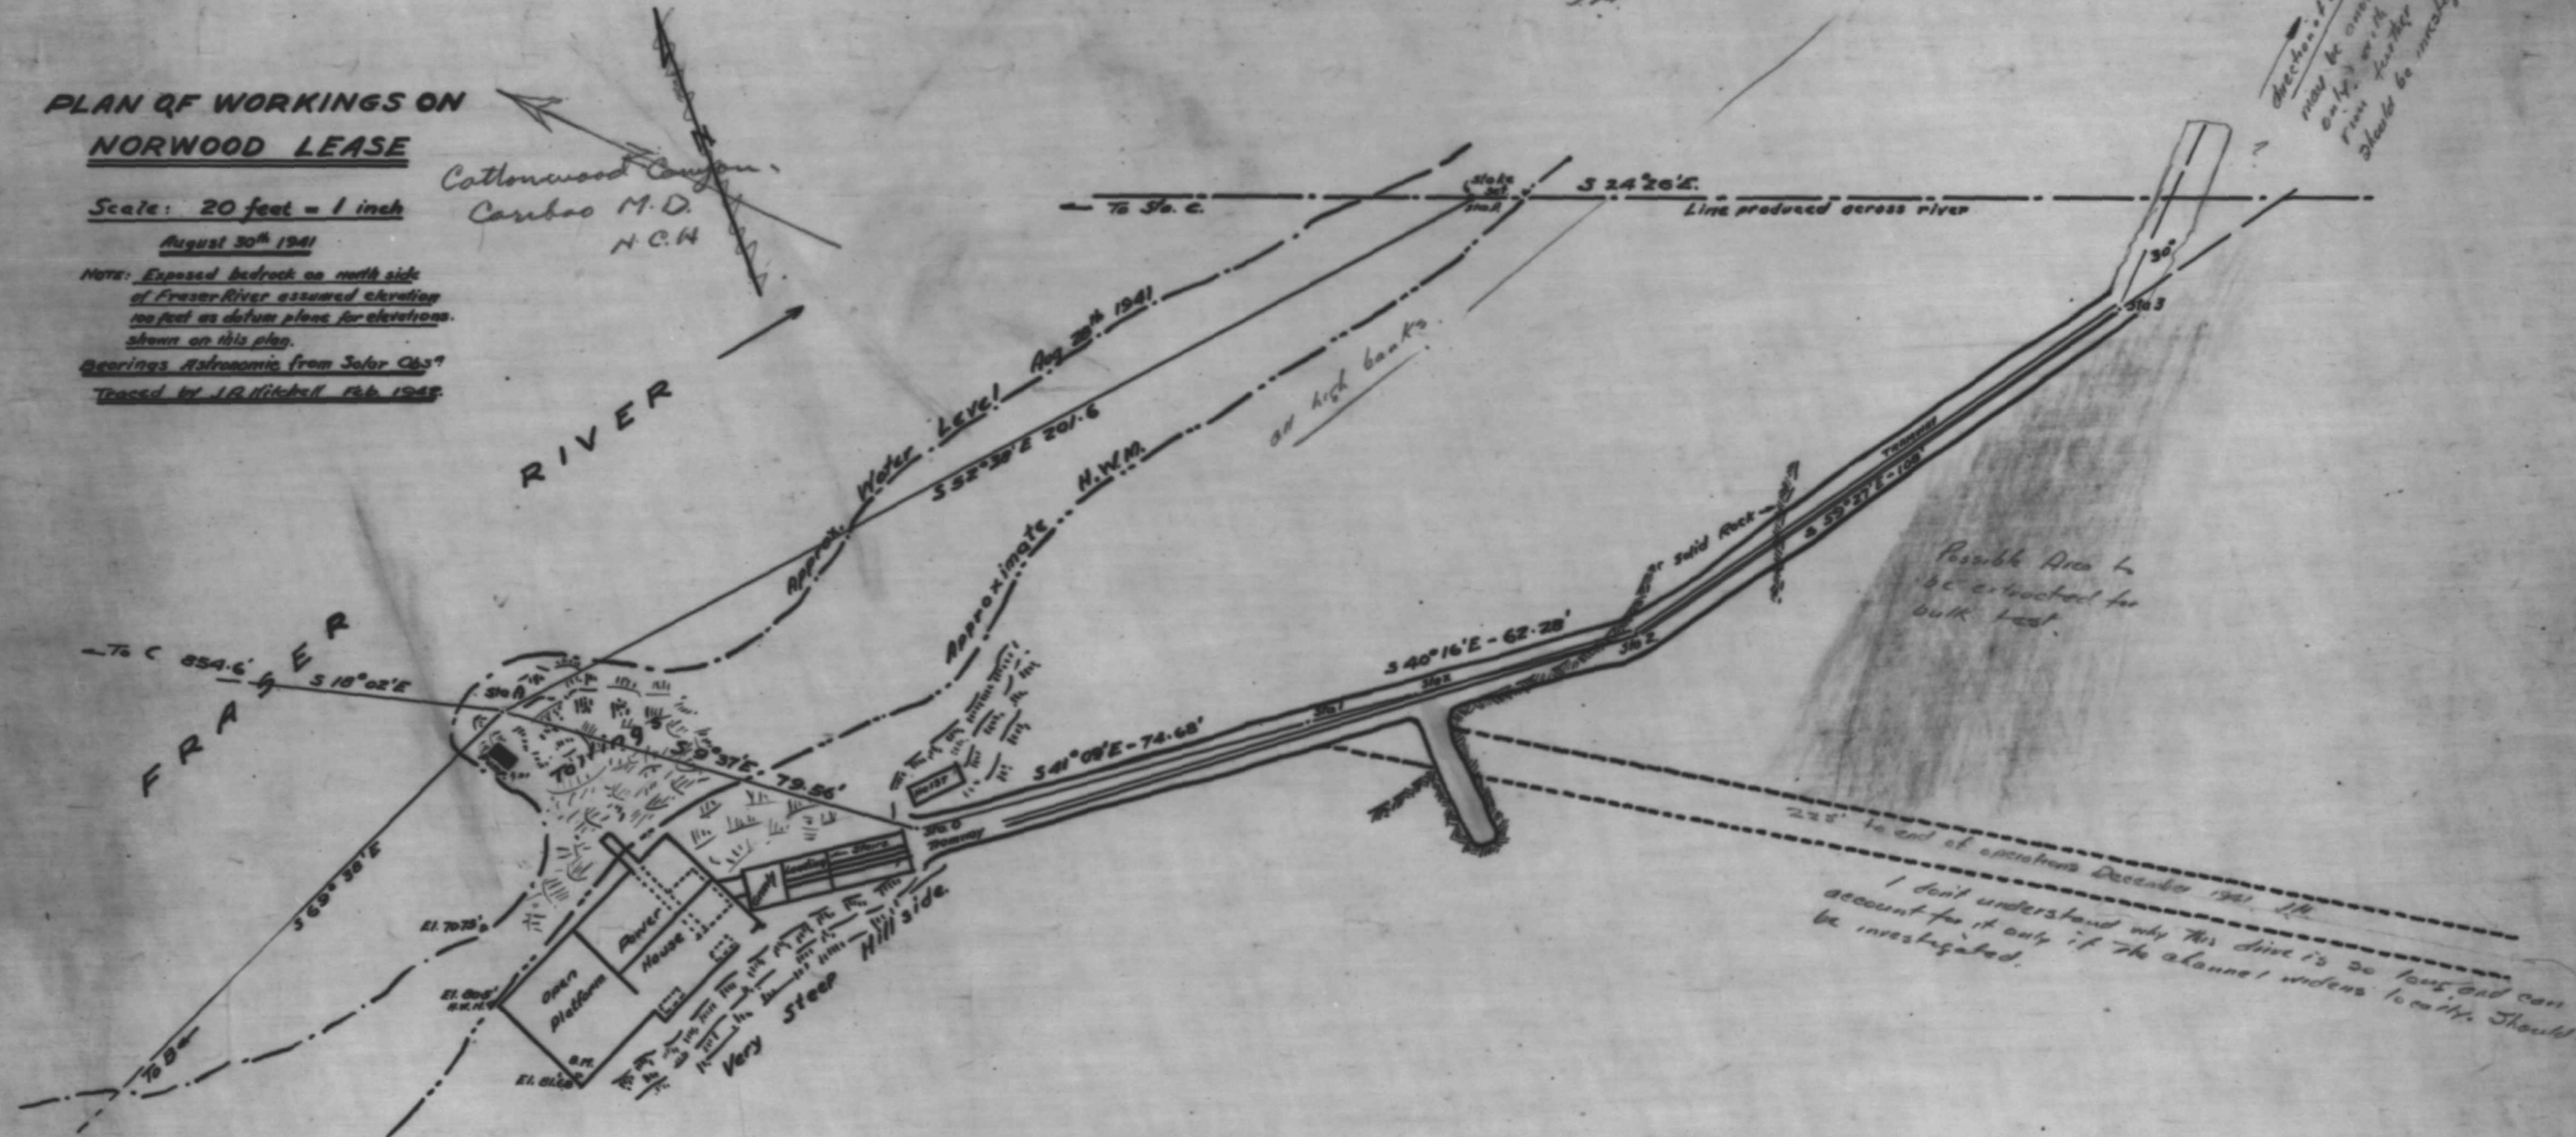

Scale: 20 feet = 1 inch  
August 30th 1941

NOTE: Exposed bedrock on north side of Fraser River assumed elevation 100 feet as datum plane for elevations shown on this plan.  
Bearings Astronomic from Solar Obs? Traced by J.A. Mitchell Feb 1948

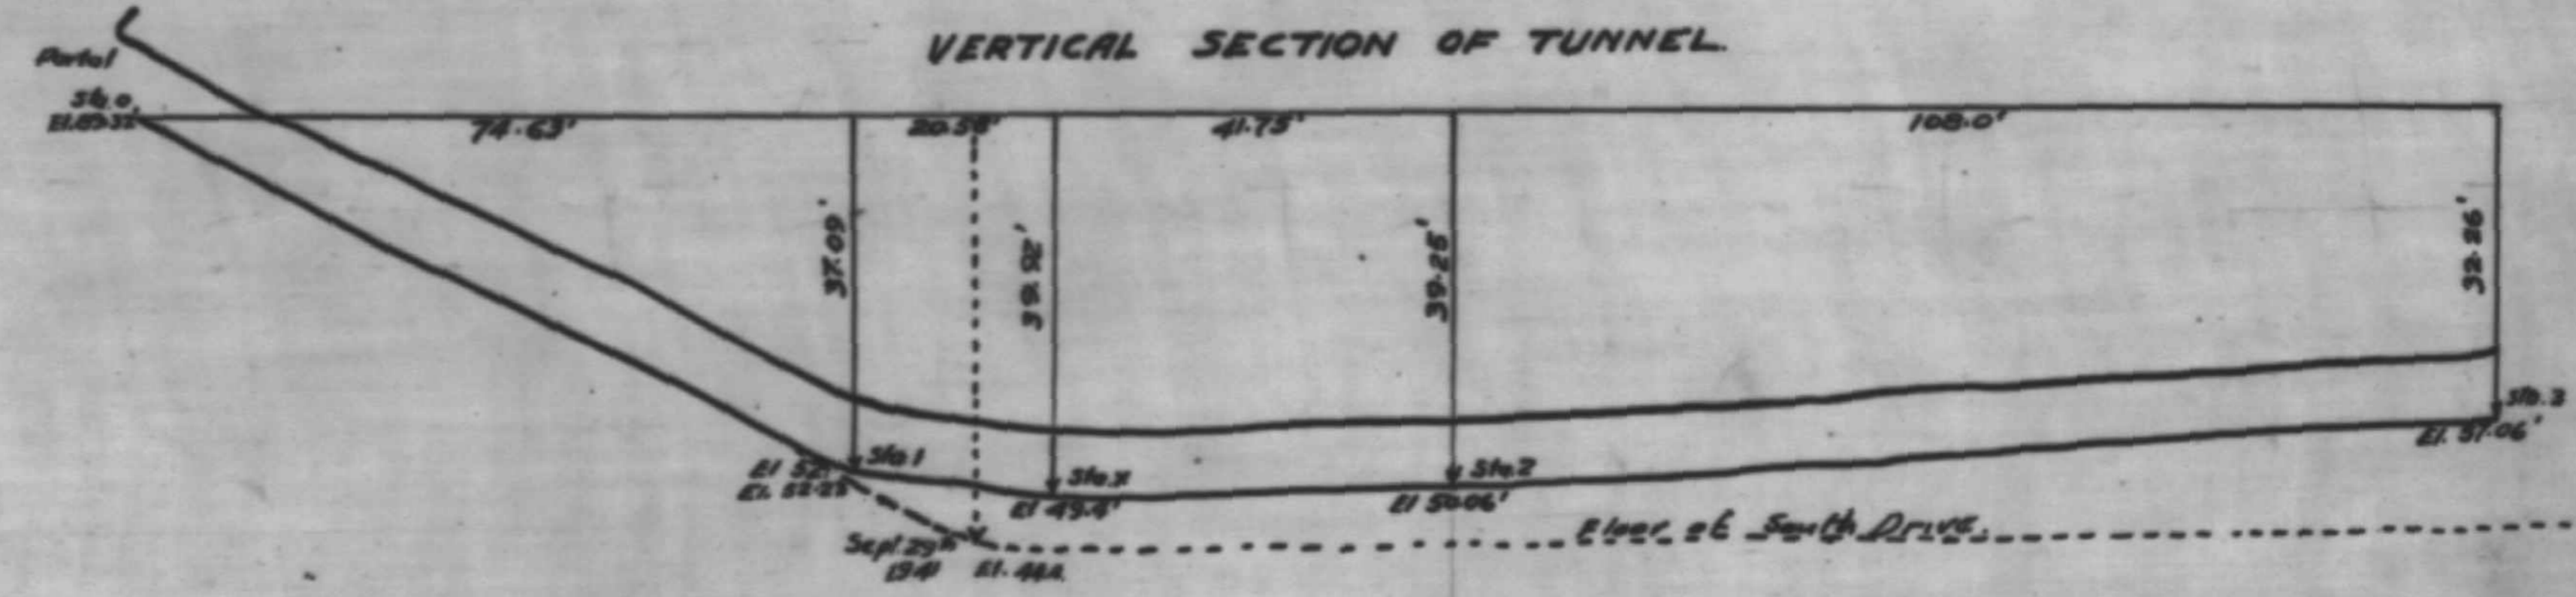

Cottonwood Canyon  
Cariboo M.D.  
N.C.H.

River swings to left at bluffs but direction should be shown relative to indicated direction of channel on small scale map. JH

direction of river? may be another right from further south. Should be investigated.

I don't understand why this drive is so long and can't account for it only if the channel widens to early. Should be investigated.
