

DDH 75 Jodee

Jodee  
800824

183-205 - 22' of 0.50% - .62% Cu.

Bill Murray - Dec 22/64 visit to office w/ Murray

Plan - C.M.A. to support Albion R. program  
165 next year - 50,000<sup>00</sup> in '65

- Concept to be dual program  
with int'l. prop.

- Cash on hand OK.

- Actions after hours.

obtained history on Calgary Exchange.

M.T. - Dec 21/64

Metal Mining (C.M.A. subject) to

put up 400-500,000 sh. Trust (nearly all issued)  
@ 1.50 + toward to more acct. 10,000,000

(91-.93 @ Dec 21/64)

Pub. Met. - notes "new" dual holes are actually  
sell-in holes for ore blocks previously indicated.

Tony Sells in charge - Jodee Property -  
Bring out core 1st hole - (to Stewart at least.)

Cores of subsequent holes to be brought out & stored  
at Stewart.

Try to get in touch w. Tony Sells re  
any supplies etc wanted.

Tony on Stewart Sept 8th - 1st hole @ 80'

Extent of exposure - to see just hole finished  
for a general evaluation -

If any more in - consider additional holes for  
same set up.

If negative - establish one or more  
additional holes & specify line by & length  
marked out - red paint.

possibly follow later drilling & field  
work from Cassin Canal base.

Tony has all geological maps.

Claims should be sketched on  
(Mitchell) & modern Pre-ice geol. maps.  
- Tony notes: these records not kept in  
Stewart
