MR. J. M. LAW,
612 HILTON AVE.,
PORT ALBERNI, B.C.

DEAR JIM:

ENCLOSED IS A COPY OF THE ASSAY REPORT ON YOUR SAMPLE FROM DOUG PATERSON. AS THE CHARGE IS ONLY \$5.00 I WILL PAY THIS AND ADD IT TO MY GENERAL ACCOUNT WITH KENNEDY SILVER.

THE ASSAY RESULTS ARE VERY ENCOURAGING - PROVIDED THAT ALL, OR AT LEAST $\frac{1}{2}$ OF THE REPORTED 25'-30' WIDTH OF THE VEIN ARE SIMILARLY MINERALIZED; IF THIS IS THE CASE IT DESERVES A HECK OF A LOT MORE INVESTIGATION!

FOR THE PRESENT I WOULD RECOMMEND THAT YOU TIE UP THE PROSPECT AS QUICKLY AS POSSIBLE - WHICH MIGHT INVOLVE MAKING A DEAL WITH DOUG. ~~AND~~ AND STAKING ADDITIONAL (?) 'PROTECTIVE' CLAIMS. IN THE MEANTIME I WILL TREAT THE ASSAYS AS STRICTLY 'CONFIDENTIAL' INFORMATION FOR YOUR PERSONAL DISCLOSURE AT THE RIGHT TIME - WHICH I WOULD THINK WOULD BE WHEN YOU HAVE A DEAL ^{WITH DOUG} AND ALSO SOME CHECK SAMPLING AND ASSAYING ACCOMPLISHED (AND A GEOLOGICAL APPRAISAL BEFORE CONSIDERING POSSIBLE JOINT-VENTURE SITUATIONS).

RE: YOUR EARLIER LETTER (RECEIVED JULY 5TH), I WOULD RECOMMEND LOOKING AT YOUR FRIEND'S SHOWINGS (A 9% COPPER IN FAIRLY WIDE VEINS IN SEVERAL PLACES), EVEN IF THEY ARE ON E & H GROUND. DEALS WITH LANPAC (E&H) USUALLY INVOLVE RATHER STIFF ROYALTIES, MODERATE WORK COMMITMENTS, AND RESTRICTIONS RE. WORKING ON TIMBER LANDS. HOWEVER, THESE OBSTACLES CAN BE TAKEN CARE OF IF AN ORE SITUATION IS INDICATED.

2. - JULY 12/71.

THANKS FOR YOUR JULY 9TH NOTE JIM. I WILL WRITE THOMPSON TELLING HIM WHAT INFORMATION ON THE D.K. IS REQUIRED FOR AN ADEQUATE GENERAL ASSESSMENT OF THE PROPERTY AND THAT WE HAVE HAD A PRELIMINARY LOOK COURTESY OF MIKE. HE MAY CHOSE TO FORWARD THIS VIA MIKE, WHICH WOULD BE QUITE IN ORDER.

FOR THE PRESENT, AS I SEE THE SITUATION ON THE BASIS OF DOUG'S STATEMENT CONCERNING VEIN WIDTHS AND THE RESULTS OF A SINGLE GRAB SAMPLE, I WOULD GIVE DOUG'S PROSPECT PRIOR ATTENTION. AT PRESENT GOLD AND SILVER PRICES THE SAMPLE RESULTS INDICATE A GROSS VALUE OF 18.43³ PER TON; IF A MODERATE AMOUNT OF LEAD MINERALIZATION IS PRESENT (SOME GALENA NOTED IN THE SAMPLE BEFORE TURNING IN FOR ASSAYING), THE GROSS VALUE WOULD BE HIGHER THAN THIS. FROM THE PRESENT, ADMITTEDLY LIMITED EVIDENCE, I WOULD EXPECT THAT AT LEAST 90% OF THE GOLD & SILVER VALUES WOULD BE RECOVERABLE.

HOPe YOU GET YOUR 42¢ PER LB. AND THAT THE WELCOME CHANGE IN THE WEATHER BRINGS BETTER FISHING. THE WEATHER HERE HAS BEEN SO COOL AND WET THAT MY ITALIAN BEANS HAVEN'T DARED TO SHOW THEIR HEADS - HOWEVER, THEY MAY JUST DECIDE TO COME UP DURING THE CORRENT "HEAT WAVE"!

BEST REGARDS TO YOURSELF AND MRS LAW.

YOURS SINCERELY,

Bill

(W. M. Sharp)

P.S. - AS A PRECAUTION IT WOULD BE A GOOD IDEA TO PERSONALLY CHECK THE SOURCE OF DOUG'S SAMPLE, IF IT REPRESENTS ONLY ONE OR MORE NARROW STRINGERS IN A GENERALLY UNMINERALIZED HOST ROCK - BE PREPARED TO GO FULL SPEED AHEAD!

CERTIFICATE OF ASSAY

TO W.M. Sharp
171 W. Esplanade
North Vancouver, B.C.

Report No: A21-336
Samples Rec'd: July 5, 1971
Results Completed: July 9, 1971

I hereby certify that the following are the results of assays made by us upon the herein described Ore samples.

MARKED	GOLD		SILVER								TOTAL VALUE PER TON (2000 LBS.)
	Ounces per Ton	Value per Ton	Ounces per Ton	Percent	Percent	Percent	Percent	Percent	Percent		
Ore											
2523	0.44		0.52								

Description:
Cube pyrite and subordinate galena in quartz veins (1/2" - 3/4" indicated)
which together might comprise a stockwork vein deposit over a gross
width of 25'-30', as reported by Doug.

NOTE:
Rejects retained two weeks
Pulps retained three months
unless otherwise arranged.

Gold & Silver values reported on these sheets
have not been adjusted to compensate losses and
gains inherent in fire assay methods.

Gold calculated at \$.....per ounce

Registered Assayer, Province of British Columbia

Calopy + galena in ^{subordinate} qz. veins ($\frac{1}{2}$ " - $\frac{3}{4}$ ")

Rec'd July 5/71

prob. part of a stockwork zone
which may have a gross width
of 25-30' as noted below.

Port Alleen
612 Hilton Ave

Sample submitted July 5/71 to B.C. June 30/71

Dear Bill,

I am forwarding a sample of a
vein 25 or 30 ft. wide that Doug Paterson
(the young fellow who was with us) found.
He tells me it crosses a creek with
overburden on both sides. I would
like to have it assayed for gold and
silver unless you think it is of no
value. If you have it assayed send
me the bill and I'll forward a
check.

Another friend found 4% copper in
fairly wide veins in several places
close together, but in E & h ground.
Would you think it worth while to
follow up? It is down Island.
We are on strike at present but
I am hope full that it will be
settled by the week end. We are after
42¢ a lb. and the companies have come
up to 41¢ for sockeye and 41¢ for large
red spring.
The cost of nets is up 20%.

Sincerely
J. M. Law.

MR. J. LAW, PRES.,
KENNEDY SILVER MINES LTD. (N.P.L.),
c/o 612 HILTON AVE.,
PORT ALBERNI, B.C.

DEAR JIM:

THIS IN REPLY TO YOURS OF APRIL 25/71.

IF THE ESPERANZA PROSPECT IS BEYOND REACH,
I CAN ONLY SUGGEST THAT YOU TRY TO GET THAT
GROUND AT THE WEST END OF HENDERSON LAKE.

AS REGARDS KRIS NYSVEN'S QUESTION AS TO HOW
MUCH HE COULD CLAIM FOR ASSESSMENT WORK, I
WOULD THINK ABOUT 30 CU. YDS @ \$10 for \$300⁰⁰, OR
THE TOTAL VALUE OF YOUR'S, GEORGE'S, & STEVE'S TIME
TO CLEANING OUT THE SHAFT + YOUR COMBINED TRIP
EXPENSES. ACTUALLY HE CAN ONLY CLAIM THIS IF
YOU FEEL LIKE LETTING HIM HAVE THE CREDIT.

AS REGARDS EXAMINING THE NYSVEN HAZELTON
PROPERTY, I DON'T THINK IT WOULD SERVE ANY
USEFUL PURPOSE. THERE IS SO MUCH ARSENIC WITH
THE MINERALIZATION, THAT NO ONE WOULD BE
INTERESTED.

GLAD TO SEE YOU HAVE THE DRILL BACK HOME.
HOW IS DOUG & GREEN?

SINCERELY,

Note G.C.N.L. # 102-1971 - Silver Point Mining Ltd. (Allan Eng. Ltd.)
possible 40-d. group on Henderson lake (for 400,000 escrowed shares)
Avg. 1.52% Cu in 7 d.d. intersections. one deep hole 5.5' @ 3.35% Cu
@ 44-49 1/2', 9 channels 2.06% Cu; 1.3% Pb; 0.55% Zn in width! N-S contact
body a highly mineralized Cu-Ag zone at least 1500' long.

Wm. Sharp.
with you.

612 Hilton Ave.,
Port Alberni
April 25/71

Dear Bill

Was up to Esperanza to check some claims that were cancelled, here and Vancouver mine office. Found they had been restaked on March the 12th. Still snow in the heavy timber over here. Kris Nyberg wrote me as to how much he could claim for assessment with the work we did and if we thought they should do more work. Could you advise me?

He also wanted to know if any of us would like to go with him in August to look at his claims in Hazelton. He intends doing assessment work.

Brought the drill from Mt. Deba but have received no money.

Sincerely Jim Law.

FEB. 1 / 71

DEAR JIM:

RECEIVED YOUR NOTE IN TODAY'S MAIL AND HOPE ARCHIE, NORMA, & CO. PROVE A BIT EASIER TO DEAL WITH IN RE. TO YOUR CURRENT OFFER.

I DON'T THINK THERE WOULD BE ANY DIFFICULTY IN MAKING A CLAIM SURVEY AS LONG AS ARCHIE LOCATES ALL CLAIM POSTS (HIS AND THE ENEMY'S), AND ROUGHLY FLAGS THE VARIOUS ROUTES TO THEM. THIS WOULD ALLOW US TO SPEND ALL OUR TIME ON THE ESSENTIAL PROJECT.

FOLLOWING THE SURVEY I WOULD BE ABLE TO GIVE YOU A FAIRLY ACCURATE CLAIM MAP, WITH A LETTER STATING THE SITUATION. HOWEVER, IF YOU ARE PREPARED TO GO TO THIS EXPENSE, LET'S HOPE HE HAS THE GROUND HE THINKS HE HAS!

I'M VERY GLAD TO HEAR YOU ARE GOING TO SCOUT OUT HENDERSON LAKE. THIS COULD BE AN ECONOMICAL ALTERNATIVE, IF YOU FIND YOU CAN'T DEAL WITH ARCHIE. ONCE YOU HAVE A CLAIM GROUP AT HENDERSON L., I COULD MAKE THE EXAMINATION AND PREPARE A QUALIFYING REPORT (FOR YOUR RIGHTS OFFERING) FOR THE SAME MONEY AS IT WOULD TAKE TO CHECK OUT ARCHIE'S PROPERTY - ASSUMING A BRIEF REPORT AND NO CLAIM PROBLEMS.

WITH THIS ARE 12 SOIL SAMPLE BAGS IN ANSWER TO YOUR REQUEST FOR 6 - TO HECK WITH EXPENSE!

BEST REGARDS,

Bill Sharp

P. A. looks as though asbestos will be one of the select minerals as regards price stability!

ENCL:

Send some sample envelopes
in brief note of acknowledgment
Wm. Sharp.

Rec'd Feb 1/71

Dear Bill,

Have written Archie and made
him an offer on his claims,
This hinges on the claims being as
represented by him,
Went to Victoria yesterday and
asked Jewett of the Securities
Commission, if he would O.K.
a rights offering on the claims
if you did a tape survey on
them and found they were not
in + contravention of other
property.

He said he would if you gave
us a letter to that effect.
Now we have to wait until we hear
from Archie.

Have a boat, engine, and tent hiked
up and three of us will be going
down to Henderson Lake as soon
as the weather improves
McGough's newsletter is encouraging
Sincerely Jim.
