Dear Mr Sharp,

Iacked to Ed Finwick Thursday pm.
Ed states he had a talk with Alex Jones, apparently
Mr Jones will call and give you a copy of a map
and report of the Hub property.

As President of Hub Mining, I
have been authorised to ask you to visit the Hub
claims as soon as convenient. Mr Finwick will meet
you and take you to the property.

His plan is to have you designate
where drill holes are to be placed.

Hub Mining agrees to pay the cost
of this work.

Thanking you
Yours Truly
Horace Ogilvie
