SUMMARY

Buval Mines Ltd. h.b. group is a  
recent acquisition which adds a 34-acre  
area on the west side of the Company's  
midnight group. The latter, lying ~~along~~  
south of the Clunax group may include  
southeasterly extensions of the fault-vein-dyke  
system occurring within the Glacier Gulch  
area of this property. In addition - - - -  
- - - - mountain.

Page 7

RECOMMEND'S:

- A. Carry - - - - of the - - - - areas.
- B. Conduct - - - - (I.P.) - - - - areas.

WMS.
