Dear Titus -

~~PLOTTED~~

The following describes briefly the location of soil samples taken on either side of the creek on the Santa Maria property last week. The samples were subsequently forwarded to Bondor-Clegg in North Vancouver.

		<u>A</u>		<u>B</u>	
4	3	2	1	15N	15N
8	7	6	5	14N	
12	11	10	9	13N	13N
16	15	14	13	12N	
20	19	18	17	11N	
24	23	22	21	10N	
28	27	26	25	9N	
32	31	30	29	8N	
36	35	34	33	7N	9N
40	39	38	37	6N	
44	43	42	41	5N	7N

Blue Flagged
line

Due to some confusion of flagging on the blue line our sample stations are not precisely as noted on the bags but are flagged in the field in the approximate locations noted above.

The precise east-west location is noted on each bag and should be obtained from Bondar - Clegg.

I hope this solves your current location problem.

Best personal regards

Howie
