MESSAGE/SPECIAL INSTRUCTIONS:

Wes,
Thanks for the letter, copy of the report, maps,
and information on the fossils.

I've been talking to Peter & he has been
filling me in on plans for Tantalus. Bondar-Clegg
samples (113, including standards) went out today & I
will provide him with a sample location map &
sample descriptions. The high pyrite samples with
natroalunite & cartorite are included in this batch.
Hopefully, there will be a few Au & Ag kicks.

I look forward to doing more work up there
next summer.

Best regards,
Rod
