FACSIMILE TRANSMISSION

DATE:

Sept 26, 1991

TO:

Bob KirkhamGSC Ottawa

FROM:

Peter Lewis

Re:

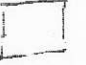

Bob - I'm a bit embarrassed to send you such an illegible incomplete map, but I'm taking off for the weekend and it's all I can send today. It's at 1:50,000 scale; note the UTM grid marks. Faults are shown as thicker lines than stratigraphic/intrusive contacts (I hope they fax O.K.). I'll be putting together a much more complete map next week. Sorry about the delay.

Peter
