

## Sample Examination Report

M 89-43(10)

Submitted by: Rod Kirkham Date submitted: Dec 8/89Title of study: Sulphurates, B.C. Project No. 700059

## Sample description:

Locality: Bridge + "Island" Zone  
Quartz Hill

## Information and data required:

Bridge Zone Quartz Hill

KQ-89-97B - <sup>u fine grained</sup> molybdenite (+ quartz) (vein minerals)

KQ-89-97C - ① arsenopyrite(?); ② metallic grey mineral (soft?)

KQ-89-98B - tennantite? (grey metallic grain) unknown

## Results:

97B molybdenite? = Molybdenite 2H + Quartz X-73422

98B tennantite? = Tetrahedrite - Freibergite series X-73421

97C arsenopyrite? = Arsenopyrite X-73423

grey metallic? = Arsenopyrite X-73424
