Mrs. Norma Sealey,
Chairman of the Board,
Capital Regional District,
524 Yates Street,
P.O. Drawer 1000,
Victoria, British Columbia
V8W 2S6

Dear Mrs. Sealey, Re: Murray's Pond - Colwood

Prior to receiving your letter of November 9th, I was not familiar with the controversy surrounding Murray's Pond as described in your correspondence. Consequently, I have been delayed in replying to your letter while I familiarized myself with the situation.

For your information, the Genstar Corporation is diversified into several divisions and each division is responsible for the management of its own operations with minimal interference from the Head Office. In a situation like the present one, where more than one division is involved, the divisions affected get together and discuss their common interests etc. so that they will not be interfering with each other's involvement to the detriment of the company as a whole.

Under these circumstances I recommend that you contact:

Mr. J.T. Arnold,
President,
Ocean Construction Supplies Limited,
P.O. Box 2300,
Vancouver, B.C.
V6B 3W6

Mr. Arnold is responsible for the operation of Ocean Construction Supplies Limited and consequently is also responsible for Construction Aggregates. As such, he is the person with whom you should be dealing.

File
Murray's
Pond
KLC

I hope that the above clarifies the Genstar Corporation Policy in regards to the functioning of its separate divisions.

December 1, 1962
Yours truly,

GENSTAR CORPORATION

B.A. Monkman

Re: Murray's Pond - Colwood

cc: Mr. R.J. Turner
Mr. J.T. Arnold
Mr. H.W. McAdams

Receiving your letter of November 25th, I was surprised to find the controversy surrounding Murray's Pond in your correspondence. Consequently, I have been delayed in replying to your letter while I familiarized myself with the situation.

For your information, the Genstar Corporation is diversified into several divisions and each division is responsible for the management of its own operations with minimal interference from the Head Office. In a situation like the present one, where more than one division is involved, the divisions affected get together and discuss their common interests etc., so that they will not be interfering with each other's involvement in the detriment of the company as a whole.

In these circumstances, I recommend that you contact

Mr. J.T. Arnold,
President,
Ocean Construction Supplies Limited,
P.O. Box 2300,
Vancouver, B.C.
V6K 3W6

Mr. Arnold is responsible for the operation of Ocean Construction Supplies Limited and consequently is the person responsible for Construction Agencies. As such, he is the person with whom you should be dealing.
