DYNASTY EXPLORATIONS LIMITED

		Province <u>B.C.</u> NTS	94-D-10E							
Preli	liminary Report of Property Examination									
Property Name <u>New</u>	Welling	Cu (?)								
		gton Principal Metals_ gton Mines Ltd.,								
and AddressVanc	couver,	B.C.								
VendorNew Wellington										
Location South end McConnell Range, and 2 miles south of Menard Creek										
at elevation	n 5500-6	5500 ft. 4 miles east of Moose Valley.								
Recording OfficeSmithers, B.C.										
Access										
There are no lakes accessible to property.										
Exploration record: including underground workings, drilling, trenching, geology, geophysics, geochem.	Year	Description	Amount							
	1965	Taking in equipment								
	1966-69	1966-69 Bulldozing and about 1200 ft. of								
		diamond drilling-AQ. Built elaborate								
		camp & took in excessive equipment.								
		Probably spent \$1,000,000.								
Geology, including:	Area underlain by plagioclase lath andesite porphyry,									
Mineralization Widths Mode of occurrence Country rock Structure	andesite porphyry basalt, and some sedimentary rocks.									
	Some aplite in drill core. Not enough copper to									
	warrant program which was done. Outcrop about 20 percent									
	or gre	or greater. Minor malachite, rare chalcopyrite and								
	chalcocite occur in the volcanic rocks.									

Assays												
Sample	Width	Description	Au	Ag .	Cu	Pb	Zn	MoS ₂	W03			
9114	Grab fr	om high grade pile at tr	ench									
9115	Grab fr	om talus 2 miles s e uth										
		from New Wellington.										

Possible Deals _____ Do not want a deal on this property.

.

Conclusions: This apparently was a promotion designed to provide a summer camp for owners. None of the work shows any geologic insight. The entire program was oriented toward moving large volumes of equipment to the site and preparation of elaborate camp

facilities. The program ceased when the prime mover was killed Recommendations in a helicopter crash. Unfortunately, a visiting geologist

was killed in the same crash.
