

DYNASTY EXPLORATIONS LIMITED

Province B.C. NTS 94-D-15E

Preliminary Report of Property Examination

Property Name May Group Principal Metals Cu

Company Name Owner: John Leontowich

and Address Vancouver.

Contact thru B.C. Yukon Chamber of Mines

Vendor John Leontowich

Location 2 miles west from north end of Fredrickson Lake. Fair trail to prospects from Leontowich's cabin.

Recording Office Smithers, B.C.

Access Float plane to Fredrickson Lake and walk to prospects

Exploration record:	Year	Description	Amount
including underground workings, drilling, trenching, geology, geophysics, geochem.		No physical work except minor blasting	
		No geology, geochem or geophysics	

Geology, including: Two occurrences:  
 Mineralization 1- Chalcopyrite and sphalerite occur in quartz vein  
 Widths which is 8 ft. wide, near granite-andesite contact.  
 Mode of occurrence Strike N10W, dip 65E; one foot high grade in H.W.  
 Country rock Elev. 5200 ft. 2- Ccp-mo. occur in granite near contact  
 Structure with limestone. Intense K-spar alteration over 50 ft. near contact. Narrow qtz. veins with ccp-mo strike NW, dip vertical. The No. 2 prospect is about 1500' NE from  
Assays No. 1 prospect.

Sample	Width	Description	Au	Ag	Cu	Pb	Zn	MoS <sub>2</sub>	W0 <sub>3</sub>
9112	8	Chip from H.G. vein		0.04	0.37		4.30		
9113	30	Chip from face of cliff			0.38				
		which has mineralized							
		quartz veins. Hazardous.							

Possible Deals No deals discussed. Properties are of no further interest

Conclusions: Mineralization is mostly restricted to narrow, steep dipping quartz veins. Exposure is good. No further interest.

Recommendations No further interest. However, John Leontowich is a good prospector and is working in a promising area so will keep in touch with him.
