Mr. James Howden,  
537 Moncton Road,  
RICHMOND, B. C.

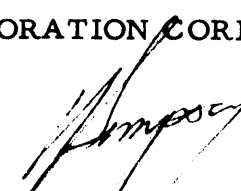

Dear Sir:

We have studied the location and general geology of your claims in the Barriere Lakes area. While we are interested in the area generally, we could not undertake a purchase or option on the properties without something a little more positive in the way of targets or target potential. I suggest that you contact me in the spring when we can see a little on the ground and when our requirements for B. C. will be a little easier to assess.

We thank you for bringing the properties to Cyprus's attention and look forward to checking further into their potential.

Yours very truly,

CYPRUS EXPLORATION CORPORATION, LTD.
