Mr. E. Bowes  
Chief Gold Commissioner  
441 Douglas Building  
Victoria, B.C.

Dear Sir:

Re: Claims PARMAC 1, Record No. 183, Revelstoke  
District, Sheet 82K/13 W

Together with Metallgesellschaft Canada Ltd., Cyprus Anvil Mining Corporation have recently negotiated an option on the PARMAC #1 claim and adjoining BIG R and BIG M claims from Mr. Mel Pardek and Parmac Mines Ltd.

We note that the due date for the PARMAC #1 claim is 5 April, 1977. As no meaningful fieldwork will be possible before this date and as the primary requirement for the area is a detailed structural and geological map, we will be contracting a 1" to 1,000 ft., 50 ft. contour topographic line map, using existing air photography. This work will be a necessary and direct adjunct to geological mapping and on-going drill planning. The Sub Mining Recorders Office in Vancouver are uncertain as to whether a topo map of this nature, covering the claims in question, would be acceptable as assessment work, and we would be grateful for your ruling and advice.

As it will take three to four weeks to produce this proposed map, a reply at your early convenience would be much appreciated.

Yours very truly,

CYPRUS ANVIL MINING CORPORATION

J. G. SIMPSON  
Exploration Manager

JGS/cb

c.c. Metallgesellschaft Canada Ltd.
