

Eclipse

Joe Sullivan  
Consultant, Ver.

Pipestem etc. - same fault as - Columbia Plateau  
 Inimalta → Nettie L - 300' down  
 Calgary - doubtful

Silver Cup - examined by Yellowknife Bear - worked by

Granby 1950. Proven down to 1200'

\* Teddy Glacier, same lead but 4-5 miles west of Silver Cup.

Mineral Hill - large low grade Au - veins large  
 & persistent  
 ↓ Meridian Mine

Alma. Major fold structure.

Goat Mts - gossan for miles.

Impure on W. side of Badshot Line.
