Dear Sir:

Re: Connors

I was speaking to Mr. Harold Avis of Winlaw, B. C., and he informed me that your Company may be interested in a Gold-Copper property.

We have recently acquired a property and have not as yet had a chance to do much work on it, but even with the heavy snow conditions, we've uncovered 30 ft. x 100 ft. of ore without observing any contact. I'm enclosing a sample of this ore. We have also found this same type of ore 1,500 ft. away.

This property is about 15 miles from Nelson and there is a jeep road to within 2 miles which could easily be completed. The Power & Gas Line is within $3\frac{1}{2}$ miles. A creek runs through the centre, with plenty of water for diamond drilling, milling, etc.

This looks like it has the possibility of being a large ore body and could be an open pit mine. If your Company is interested in having a look at this, I would greatly appreciate a reply as soon as possible. Best regards.

Yours very truly,

Tony Semeniuk

TS:ms

Cannon Creek Prospect - Tony Semeniuk
Nelson Area.

Min. samples show chalcopy
prob
Au

Assay of grab { 0.48 oz Au
Trace Ag
Copper = 2.24%

Another assay → 0.10 Pt.

Presently hold 4 claims & will stake additional
36 claims.
