Mr. Paul Sawyer
Cyprus Exploration Corporation Ltd.
822 - 510 West Hastings St.
Vancouver, B. C.

Dear Paul:

Enclosed are the following:-

1. One copy of our report on the SEM Claim Group. Please note that Colin Campbell was not in town to sign it. However, if you wish his signature please let me know and I will obtain it.
2. Two aerial photographs left with Colin Campbell.
3. The originals of the three figures.
4. Extra prints. Please note that there have been some minor changes on the claim boundaries subsequent to making these prints.
5. In regard to the claim data on the included Appendix, it is likely that most of Ashdown's claims have had work recorded and that this has not reached the files in the Vancouver recording office.
6. As we agreed, I have not made a trip to Victoria to find out what type of survey was done on the ED Claim Group.

If you have any questions or need additional data please give me a call.

Yours very truly,

J. R. Woodcock
